INSTRUCTION FOR COMPLETING YOUR DECLARATION OF TOURIST TAX

What is the Stay Tax

As a classified tourist resort, the City of Cannes collects the tourist tax since 1959. This tax, included in the rental price, is paid by the vacationer who stays in the town. It is donated by all the accommodation owners (professionals or individuals) to the municipality. The revenue from this tax is used exclusively to develop tourist activities and promote the attractiveness of the city of Cannes.

Who should subscribe to this declaration ?

All the accommodation owners, professionals or individuals, who host for a fee non-domiciled people in the municipality of Cannes are obliged to collect the tourist tax and pay it back to the municipality.

The owner has the possibility of mandating an intermediary or an internet platform to collect the tourist tax in his name and on his behalf, when paying for the stay.

How to complete your declaration ?

① **Identification of the declarant** : this is the identity of the owner. You must indicate the identity and contact details of the rental company. When registering for the first time, you must attach a K-BIS extract or the receipt bearing the SIREN number if necessary.
Email Address : you must indicate the email address of the person in charge of the stay tax declaration. This will notably allow the submission of online declaration forms.

② **Identification of the accommodation** : you must indicate the type and address of all accommodation rented seasonally.

③ **Period of collection** : the tourist tax is collected throughout the year. It is declared and paid quarterly by the landlord the month following the past quarter.

④ Collection of the Stay Tax :

The tax rate varies depending on the classification category. When the property does not have a prefectural classification, you indicate the mention "not classified".

The amount of the tourist tax is calculated by multiplying the number of persons accommodated by the number of nights and by the rate applicable to the category of accommodation, as follows:

Not classified furnished = 5% of the rental price, per night and per person, **up to the highest rate voted by the City Hall (4,60€)** x 34 % x nb of nights x nb of people

Classified accommodation = stay tax rate x nb of nights x nb of people

Exemptions :

- **People under the age of 18,**
- **People with a seasonal employment contract**
- **People benefiting from emergency accommodation or free accommodation**

Collection mandated to an intermediary : you are not liable for the tax if you have appointed an intermediary to collect it and transfer it to your account. In this case, you must indicate the name of the authorized intermediary.

When to send your declaration and make your payment ?

Declarations must be submitted within 20 days of the end of the quarter, and payments within 30 days. Declarations can be submitted by mail or email (once signed) or electronically. Payments can be made by check, bank transfer, direct debit, or online via our website : <https://taxedesejour.ofeaweb.fr/ts/cannes>

Control :

Several inspecting agents appointed by the Mayor verify the declarations or their absence. Any landlord who fails to file a declaration or who establishes an incomplete or inaccurate declaration will be liable to the fines provided for for fines of the 3rd class.

Late payment interest :

Any delay in the payment of the tax proceeds gives rise to the application of late payment interest equal to **0.20% per month of delay**, except as provided for by law. In the event of non-payment, the proceedings will be carried out as in the case of direct contributions.
